

New deadline for abstract submission is 30 Jan 2021

ICCP2021

18th ICCP Conference 2021 will take place between **2-6th August 2021** with the **Indian Institute of Tropical Meteorology, Pune, India** as the host.

Details are available at <https://iccp2020.tropmet.res.in/home>

Presentations are being solicited on theoretical, observational, laboratory and numerical modeling studies of cloud and precipitation physics, aerosol and cloud chemistry, cloud electrification and cloud dynamics in the following specific areas. You may contribute your abstract by selecting relevant keywords.

- Aerosol-cloud-precipitation-radiation interactions and processing
- Applications of cloud and precipitation physics
- Basic cloud and precipitation physics
- Cirrus clouds
- Cloud electricity
- Clouds and climate (including radiative properties of clouds)
- Clouds and high impact weather
- Clouds and remote sensing
- Convective clouds
- Effects of COVID-19 pandemic on clouds, precipitation and cloud-aerosol interactions
- Fog and visibility
- Ice nucleating particles and cloud condensation nuclei

- Laboratory, wind tunnel and cloud chamber studies of microphysical processes
- Measurement techniques (of cloud and precipitation properties) and their uncertainties
- Mesoscale cloud systems
- Mixed phase clouds
- Monsoon clouds and precipitation
- Orographic clouds
- Polar clouds
- Secondary Ice Production
- Tropical clouds
- Turbulence mixing and entrainment
- Warm clouds
- Weather modification

Please note the following:

- The International Cloud Modelling Workshop (ICMW 2021) and Airborne Data Processing Workshop will take place during the week and the weekend before the ICCP 2021, respectively, in Pune, India.
- ICCP will be reviewing the abstracts received with a new deadline of **30 January 2021**. Those who have previously submitted abstracts will be able to make changes to their abstract. There will be no abstract submission fee if you have previously paid the submission fee. However, if you submit an additional abstract or did not previously submit an abstract, submission fees will apply.
- Note that all abstract fees are non-refundable; however, all previously submitted abstracts remain in the database. The abstract submission system will allow for previously submitted abstracts to be revised, replaced (e.g., update co-authors and titles or change the subject matter of the abstract) or withdrawn, and to allow for new submissions.
- The new deadlines are as follows.
 - 30th Oct 2020 abstract submission open
 - 30th January 2021 abstract submission closed
 - 6th March 2021: Acceptance of abstracts and initiation of registration
 - 30th March 2021 Program released
 - 29th April 2021 early bird registration ends
 - 29th June 2021 Regular registration ends

- The description of the scientific program may be slightly modified to include research areas that have been initiated due to the pandemic. Please watch for further announcements regarding abstract submissions and updates to the scientific program.
- A new format for the online presentations will be communicated shortly

If you have a question, please contact us at iccp2020@tropmet.res.in. We will continue to update the website with new information <https://iccp2020.tropmet.res.in/home>.

Wish you a happy, healthy and safe 2021

Sincerely,

ICCP commission
